Customer Reviews

Here’s a real "don’t judge a book by its cover!" I was disappointed that this book did not have many of the quaint and charming structures like the one on the cover, and there were very few gazebos. Most of the structures featured were of a very modern design. While beautiful, modern design is not to my taste, so I felt the cover photo was very misleading. I really wouldn’t consider modern structures "cottages". So, I returned this book and hopefully can find something more to my taste.

I really like the ideas in this book. Fresh and out of the box thinking. Great pictures. Fantastic

solutions. I highly recommend.

A lot of photos of different outdoor structures, nice ideas but not plans or anything to help you decide to buy or build.

Just as described.
