Synopsis

This guide for the modern knitter presents more than 150 new and innovative cable stitch patterns ranging from basic to complex and offers enlightening insight into how cables are engineered, how knitters can design their own, and how knitters can mix and match cables in a knitting pattern. Teacher, author, and master knitter Norah Gaughan shares her design principles and offers clear cable-making instruction throughout, always in a conversational, easy-to-understand voice that proceeds naturally, as one cable idea leads to the next.
