Customer Reviews

I have thoroughly enjoyed this book and it will be one that I will be picking up time and time again I feel. It's so beautifully written and a fantastic insight in to the Oregon wine region. Packed full of wonderful tales from the owners, facts about the vineyards and some really gorgeous photos. I feel I have a good sense for the places before I've even arrived and can't wait to start adding my own notes from my wine tasting journey.

This is not just "another" book about winery. It is an in depth exploration of wine making. A personal journey that took the reader by hand and led them through the lives of winery owners. The next time I crack open a bottle of pinot, I will remember these lines "Vagary and mercy are implacable facts of life. Plans change, land gets weary, technology demands more production for profit... You can fight change or embrace it."

I loved the book. I felt I was travelling with the author listening to the interesting tales from the pioneers. I was truly inspired by their sheer determination to persevere against all odds never knowing whether they would reap the reward for their labours. Empowering.
