Synopsis

#CHALKBOARD Coloring Book (AGES 1 to 100) #CHALKBOARD is for every single person out there who can find pens, pencils, markers or crayons! Book No. 4 in the "# Series" One of the most enchanting, most innovative Coloring Book Artists in the world, Cynthia Van Edwards has done it again. In this incredible new Coloring book, the 4th in the "• series", you will get to work with images and illustrations that look and feel 3-dimensional. The new coloring pages in this book break away from conventional coloring and offer a completely new and mind-altering experience virtually forcing your creative juices to flow - a mixture of single and double page images. What makes this book especially different from #Love, #Beautiful and #Flowers is that Cynthia focuses on texture on a background that looks and feels like a chalkboard. The pages in this book can be colored with pens, pencils, markers or even pastels and chalk! #Flowers celebrates the delicate beauty and embrace of flowers and their tiny intricacies. You're going to love the variety of backgrounds as well. With a mixture of "Midnight" (black), white, and Wireframe backgrounds, your senses will be challenged as you put pen or pencil to work adding life and magic to these pages. This new series is going to be something special to any Colorist and we can't wait to see the beauty you create! Now, let's see what you're made of! #CHALKBOARD This book has been a collaborative effort between artists, designers, and psychologists. This book not only soothes you, but also increases mental stimulation. The pictures and designs may seem random at first glance, but they're anything but. We hope to give the designer (you) a very introspective and mind expanding experience. PLEASE: Take pictures of your finished coloring designs and post them to CYNTHIA VAN EDWARDS' Facebook page, add the hashtag #ChalkboardColoringBook to your post.

Customer Reviews

This was the 1st time I had actually seen "chalkboard" drawings and I thought it was going to be super difficult to color them. I was wrong!!! I had a ball coloring these pages. I sat with my preschool class and colored one. They even wanted to try it out. Ms. VanEdwards has done it again!!!

#Chalkboard is a coloring book that is great from adults and children! I'm in love with her work. Well drawn art work the pictures will have you laughing and creating headlines for the pictures!! Can't wait for the next book in the series.

I'm having so much fun with this one! There are several different styles to choose from... especially nice if you just want a quickie once in awhile. Oh and when you're done coloring (if you're using markers), the backside is pretty cool, too! I definitely recommend this one!

This is the 6th book of Cynthia's I have purchased. I do enjoy the designs, they are very simplistic and cute. The background is like a chalkboard, imperfections and all. BUT that adds to it not deters anything. Right now I have done just a flip thru as am working on some other things right now, but as soon as I do a few pictures will be adding them.

Cynthia Van Edwards has out did herself once again. She never disappoints me with her work. #Chalkboard #ColoringBook is book 4 in her #series. With each book they get better and better. If you haven't checked out the # series yet then you should get on that. These books are a great addition to anyone's adult coloring book collection. It is absolutely beautiful and you can use, gel pens, pastels, markers, or any medium you choose on this chalkboard style book!! This my opinion and my opinion alone. I was given an advance look at the book for my honest review.

I have been privileged enough to see a few of the pages in advance for this the 4th installment of Cynthia Van Edwards # series of books entitled #chalkboard I happen to be a huge fan of the chalkboard style coloring books to date I have not seen any chalkboard books like this on the market there maybe but I have not seen them yet. There are beautiful and cute illustrations easy

and difficult pages in other words there is something for everyone in this book. I just bought mine where is yours??

Yet again Cynthia has outdone herself! The books in this series keep getting better and better! The pictures are awesome and the chalkboard effect makes it so much cooler! She definitely makes beautiful artwork and keeps you wanting more!

Again Cynthia has done it again. Another hit book for us all to enjoy. Bringing out our childhood of colouring and drawing on a chalk board or on the street in times past. If you wish to have good memories to return from times past then this is the book for you.

I absolutely love this book, I received an Advance Readers Copy and fell in love with the pictures. They are of varying levels of difficulty so it is for anyone and everyone. Great for young and old. I love the way that using bright colored markers really makes the designs pop but can be used with any medium of your choice. Cynthia amazes me in what she is popping out in her hashtag series. She draws you back waiting to see what she has up her sleeve and what is next. Was first introduced to her F'k Cancer book and then introduced to her #Love and #Beautiful book and now this one. Please keep surprising us and amazing us.
