# Lovely Little Patchwork: 18 Projects To Sew Through The Seasons

## Synopsis

A season gives the perfect reason to sew a lovely patchwork project for you or your loved ones that will be cherished year after year! In *Lovely Little Patchwork* you will find 18 projects to sew while giving your creativity a chance to blossom through the new beginning of each season. You can stitch a lovely pencil pouch while your children are about to embrace an upcoming school year. Or while the snowflakes are falling from the sky; embroider a sweet vintage inspired ice skating girl. Then, as the flowers are blooming and the fresh smell of spring is in the air, you can learn a new technique of hand sewing yo-yos and then create a pretty garden apron. When the warmer weather arrives and the sound of waves are upon you; stitch up a patchwork sailboat. Even if your seasons are slightly different, I'm sure you will find great inspiration from one of the many pretty patchwork projects to sew any time of the year!

## Customer Reviews

This book is so cute! I've been following the author in Instagram for a little while, and always swoon over her projects. I can't wait to actually begin working my way through the book. Until then, I'm enjoying looking at all the pretties within the book.

I just received this book in the mail and it is wonderful! I love Kerri's style. The pictures are gorgeous and there are easy to follow tutorials. I seriously want to make every project! So glad I purchased this book

Cute book, not really anything absolutely new with the exception of the cute deer quilt square. I am sorry to say I won't be making but two projects out of this book. I agree with another reviewer that it does not list the finished size of any of the finished projects. If I had a chance to see the book and known that prior, I would not have purchased it.

I love this little book of patchwork ideas. The instructions are given clearly...especially for someone like me who has an aversion to ALL instructions. Kerri makes it easy to follow. I am looking forward to making the "pumpkin" placemats...super cute!

Love, Love, Love this book! The instructions are clear and the illustrations are super helpful. I think even a beginner could use this book. I usually have no trouble choosing my favorite projects in books and magazines, but I love several of these and can't wait to use my apron!

I received Kerri's first book this last week (after much anticipation!) and I can't wait to get started on all the cute projects, especially the apple tree pillow and the strawberry patchwork bag. Such cute ideas!
