I bought the 10-Day Detox book and then ordered this cookbook after we decided to just stay on the diet. I have suffered from joint pain, bloating, swelling and just plain feeling like crap for several years now. I've been through the Western medicine ringer, if you will. Fed up, I started looking into Ayurveda and stumbled upon Dr. Hyman's newsletter and then decided to do the 10-Day Detox Diet. I made everyone in the house follow it since I figured I'm the household cook and it would

make my life easier if everyone was on it together. For the first time in 7 years I lost weight (I've done several cleanses and would only lose 3-4 lbs and those pounds that came right back). We have been on the detox diet for nearly 5 weeks now and I've lost 15 lbs and my husband has lost 18 lbs. But the most important thing is that by the 6th day I realized my joint pain was almost entirely gone (I had been living a life of pain 24/7). My "lupus" symptoms all but disappeared making me question the diagnosis altogether. This diet has been a game-changer for me. I suspected I had a gluten sensitivity, but it turned out to be far worse than I thought and my husband has a severe dairy intolerance, both of these were identifiable as a result of the 10-day detox and then reintroducing food items one at a time. When I introduced a small amount of gluten back into my diet I became quite ill and my knees and hands began to hurt almost instantly. This diet is the best medicine I've ever taken and we have decided to make this our new "life diet." I am a total foodie and a very creative cook so I've taken some liberties with the recipes that have taken them to an all new level. I post the meals on our FB page and my friends and family keep asking for the recipes. While it is challenging to maintain the diet, especially as two professional people who have demanding jobs, once you figure out what you can and can't have and learn the new recipes it gets easier. Tip: Make big dinners so you have leftovers for lunch the next day, it will save a ton of time! I highly recommend this diet to anyone, it just makes you feel better overall. If you are struggling with health issues I strongly encourage you to give it a try, it has changed our lives.

I started the 10-Day Detox diet about five days ago. The recipes included with the diet book were good but not great. I was worried that I wouldn't be able to stick with the plan because I wasn't loving the food. Lucky for me, 3 days in, Dr. Hyman released this cookbook. I ordered it on Sunday and it came on Tuesday (Thanks to Prime)! It is FABULOUS! This cookbook has kept me on the diet, without feeling like I am giving up anything. The recipes are amazing. My husband is doing the diet with me, and he keeps asking me, "Is this really allowed on the diet?" because the food is so rich and delicious. I agree with some reviewers, that it does take a moderate amount of time to make the recipes and shop for the ingredients (which are a bit expensive), but it is well worth the time and money because the food is so good. I love to cook and have found the recipes in this book very fun to make, and not too difficult. Some of the recipes I have tried are: Filet Mignon with Garlic Sauce and Roasted Tomatoes, Southwestern Turkey Chili, Stuffed Compari Tomatoes (ahhhmazing), Vegetable Hash with Fried Eggs, Blueberry Smoothie, and a few others I can't remember off the top of my head. As I stated before, the recipes have helped me to stick with the 10 day diet and I have lost 5 pounds in 5 days! I plan to continue with the diet after the 10 days are up,

which will be so easy with the recipes provided in this cookbook. THANK YOU, Dr. Mark Hyman!

Dr. Hyman and the amazing team has hit it out of the park once again. This cookbook is fantastic. I have had the distinct pleasure of receiving an early copy of this book and have cooked my way through a large portion of it. There has, literally, not been one disappointing recipe. As a plant based eater I was thrilled with the Vegetarian and Vegan section of the book and I also modified recipes found in other sections, such as the Broccoli Rabe with Italian Sausage and the Chili-Spiced Turkey Meatloaf with Roasted Carrot Salad. No modifications were necessary when entertaining or serving the meat lovers in my family. One of these particular meals began with an appetizer of julienned vegetables, Spicy Roasted Pepper and Walnut Dip, and Bell Pepper Mini Quiches followed by Tomato-Basil Soup with Shrimp, Miso Marinated Cod with Fresh Basil and Bok Choy, Spicy Garlic Eggplant and an incredible dessert of Cinnamon and Cayenne Roasted Mixed Nuts with fresh fruit. In addition to all of the wonderful recipes you will also find tips on healthy living, pointers on the 10 Day Detox Diet and great information on losing weight, living a life free of inflammation, breaking food addictions and boosting your energy.
