## Customer Reviews

A friend of mine gave this to me because she knew I was to host a bachelorette party in the near future. It was a very buy time for me overall, so I took the book only expecting to refer to it occasionally for tips. What a surprise. I started reading it in bed and I honestly read it cover to cover. It was such fun! It was very informative but as importantly, a good read. I highly recommend this book for anyone in need of a good time.

This was a very cool book, but I was surprised that they didn't mention [vegaspartyhouse.com](http://vegaspartyhouse.com) I stayed at one of their properties for a bachelorette party and it couldn't of been any cooler! Well, hopefully they'll add it in the next edition.

I read this book from cover to cover. I didn't gain anything from reading it. Save you money and don't buy this book. I also bought The Ultimate Bridal Shower Idea Book: How To Have A Fun, Fabulous, and Memorable Party. THAT book was really good.
