Customer Reviews

This is a great little book. It has great illustrations and not only tells but shows you how to easily identify different species of Mediterranean Tortoises. It is updated information and to the point. If you are thinking about getting a Mediterranean Tortoise I recommend reading this book first.

This was the type of book I was hoping for. Not a kid book, has a lot of great information. It was in great condition.

Text of this book was very helpful. Pictures useful in identifying what species you have.

excellent book and service by
