Naked Cakes: Simply Stunning Cakes

Synopsis

So called "naked cakes" are an increasingly popular choice for celebrations both large and small and what you see is what you get! While in recent years the trend has been for cakes to be encased in frosting and decorated in a fancy style, there is a new trend for stripping cakes back, and decorating them very simply with fresh edible flowers and vibrant berries or using pastel shades to make the cake itself the star attraction. The queen of cakes, Hannah Miles, has undressed classic cakes to create these delightful recipes. Whether you want to create Vintage Elegance, Rustic Style, Romantic Charm, Chic Simplicity or Dramatic Effect, or make something to represent the Changing Seasons, you'll find the perfect recipe and design here. Choose from floral cakes such as Rose Petal Victoria Sponge, zingy citrus bakes such as Clementine Mini Cakes and luxurious berry fruit offerings including Blueberry and Lemon Cake. There are plenty of ideas to tempt the sophisticated nut-lover and chocoholic, such as Chocolate Layer Cake with Honey-roasted Figs, Coffee and Walnut Cake with Praline Cream and Spun Sugar, and Pink Layer Cake with Pistachio Cream. These cakes are not for every day—they are special treats and the perfect treat for birthdays, weddings and other celebrations all year round. From the surprisingly simple to the lusciously extravagant, family and friends will be astounded by these impressive bakes.

What a delightful little book. Tiny cakes that are great without icing and with a wide range of decorations and toppings.. Toppings include sugared flowers and fruit, nuts and other light options. The cakes are basic foundation recipes based on the number of eggs in the batter. What changes

from recipe to recipe is the finishing and presentation. Cakes are also small and are great for 1 or 2 people or for someone on a diet that does not wish the added calories of icings or large cakes that tempt over indulgence.

As a cake decorator, this book gives great ideas for beautiful cakes. Naked Cakes are a new fad to use less sugar and icing and they are so lovely to behold.

A beautifully photographed book with three different basic recipes for some of the cakes and more recipes for other styles of cakes and frosting.
