Customer Reviews

Great for beginners and intermediate users. Some new stuff I learned and for the items that I already knew about it is great practice to learn where everything is at on my Surface Pro 2, using Microsoft Office 365. Going from Office 2003 and 2007 to 2013 Office 365 can be a shock for some. Because it doesn't cost that much I felt it was worth it for me. Obviously for those of you who have more experience you shouldn't even be looking at this page.

Great for a handy desk cheat sheet! Has many of those once in a while used items that you don't always remember. It is also a great tool when upgrading to the 2013 software as the layout has changed slightly.

Excellent and handy guide to making reports with basic info available in a handy sheet. I keep all my Beezix in a notebook for easy access and use them quite a bit.

Compact Excel reference source. After I purchased this Beezix item, I wanted ALL of them.

Awesome reference guide. Professor allows access to open book, notes, & computer for exams (Normally means the exams are incredibly more difficult & they are) and this made life a breeze. Thank you!

If you must make tables then you need a reference sheet. The only drawback is that you can't put it in your binder rings. You must have a sleeve to place it in.

Just what a "newby" to the new Office suite needs! Very quick delivery too!!

Purchased for my daughter for use in her new job, and she states it's a great help!
