**Customer Reviews**

Seller did a wonderful job getting the book to me in time for my class this semester. Book’s instructions are mostly clear (some of the data is not specifically given and I had to look at the pictures of it for reference). Also gives instructions on how to use certain parts of Excel with a touchscreen which is a nice touch (pun intended). No mark ups on pages and no rips or tears when I received it. Really good purchases got me through my class.
Awesome book. Literally takes you step by step and there is no way that you will get lost. Explains everything good and i was very pleased. Defenetly i will recommend!!!! if you're trying to learn excel

i'm sooooo glad that i came here to rent my book since my school wanted all most 200 for it.

Very satisfied

good condition
