# Educational Psychology: Theory And Practice, Enhanced Pearson EText With Loose-Leaf Version -- Access Card Package (11th Edition)

## Synopsis

NOTE: Used books, rentals, and purchases made outside of Pearson. If purchasing or renting from companies other than Pearson, the access codes for the Enhanced Pearson eText may not be included, may be incorrect, or may be previously redeemed. Check with the seller before completing your purchase.

This package includes the Enhanced Pearson eText and the loose-leaf version. Educational Psychology: Theory and Practice gives tomorrow's teachers the intellectual grounding and practical strategies they need to be effective instructors. Complete, up-to-date information is presented in readable, practical ways and illustrated with engaging examples, case studies, and embedded videos and interactive activities. The text makes the connection between theory and practice explicit, helping students to transfer what they learn to their own teaching. The Enhanced Pearson eText features engaging examples, case studies, and embedded videos and interactive activities.

Improve mastery and retention with the Enhanced Pearson eText\* The Enhanced Pearson eText provides a rich, interactive learning environment designed to improve student mastery of content. The Enhanced Pearson eText is:

- Engaging. The new interactive, multimedia learning features were developed by the authors and other subject-matter experts to deepen and enrich the learning experience.
- Convenient. Enjoy instant online access from your computer or download the Pearson eText App to read on or offline on your iPad® and Android® tablet.\*
- Affordable. Experience the advantages of the Enhanced Pearson eText along with all the benefits of print for 40% to 50% less than a print bound book.

\*The Enhanced eText features are only available in the Pearson eText format. They are not available in third-party eTexts or downloads. \*The Pearson eText App is available on Google Play and in the App Store. It requires Android OS 3.1-4, a 7" or 10" tablet, or iPad iOS 5.0 or later.

0133830853 / 9780133830859 Educational Psychology: Theory and Practice, Loose-Leaf Version with Enhanced Pearson eText -- Access Card Package Package consists of: 0133436527 / 9780133436525 Educational Psychology: Theory and Practice, Loose-Leaf Version 0133824616 / 9780133824612 Educational Psychology: Theory and Practice, Pearson eText -- Access Card

From reviews of the text:

"The strength of this text is that it takes a tremendous amount of information about human growth and development and constructivist/student-centered teaching and condenses it down into a readable textbook complete with added resources and study skill strategies... a phenomenal task."

-- Jane Thielemann-Downs, University of Houston Downtown

"[This text] is an amazing work that provides real-world scenarios, key terminology, and descriptions that are easily read and explained. This author was able to interface policies and theories into the practice and help the learner to realize the relevance and the integrity of the

profession of Education as whole. The quotes and explanations are on target and the use of Connection and Pointers are great ... the rich discussion on hard-to discuss topics were marvelous." -- Shirlyn Garrett-Wilson, Chicago State University

## Book Information

Loose Leaf: 540 pages

Publisher: Pearson; 11 edition (January 19, 2014)

Language: English

ISBN-10: 0133830853

ISBN-13: 978-0133830859

Product Dimensions: 8.3 x 0.8 x 10.7 inches

Shipping Weight: 2.4 pounds (View shipping rates and policies)

Average Customer Review: 4.2 out of 5 stars See all reviews (20 customer reviews)

## Customer Reviews

Wow! I am more than satisfied with this order! I am GRATEFUL for this low price of \$85.85!!! I gave up on buying this book because my school's store sold it for more than \$200!!! That's too freaking expensive; I already had a crap ton of other textbooks and school materials to buy, and with my budget for the Fall Semester, I just couldn't afford the book at that price. So I started committing myself to borrowing the school library's book for 2 hours at a time. This was very inconvenient because to use course textbooks from the library, you must use it only within the library. So I practically lived in that library just so I could borrow the text book. But I woke up one day and gave a shot; I was browsing through , and that's when I found this textbook for \$85 freaking dollars!! Boy was I happy! I couldn't believe my eyes! I placed that my order in a heartbeat and then did my happy dance :) At first I was worried that maybe it was cheap because the quality was good or something. BUT NO! The book that I received was exactly the same one that my school's store was selling, and the school's library had in store. The book is colorless and is meant to be put in a binder, but that's how this textbook is supposed to be. That is its original form--how the company made it. Nothing fishy about it. So if you're complaining about how this is such a "bad quality"

because it's a loose-leaf form, you won't find anything better out there. A lot of college textbooks come in loose-leaf form--you're gonna have to deal with it. The pages are not even that thin. And the book comes with the full online access code. You're getting everything you need; so what more do you want? I'm super grateful for this book at this price. It's 2 times cheaper than the school store, I don't know why. , you're a lifesaver ;)

I opened the text to complete a reading assignment for chapters 1-3 and the book skips from page 4 to 37, right out of the shrink wrap! I can go online to read it, but I learn better reading from text and am disappointed that I am not able to use the physical text. The rest of the book is there from what I can gather, just the beginning is missing

The book should be bound. For what I paid for it they could have even used a better paper and ink. My book is like newspaper style. very thin and tears easy. The writers and publishers made a mint on this book.

Thank you so much for the quick shipping, I needed this book last minute for my summer class and had two days before my first quiz and had it with perfect timing. Great read as well for an education major, seriously recommend for anyone looking to enter the field. This book has some serious examples for when you enter the field and for what to look for, along with handling different situations and how to control them.

It came in loose-leaf form (which is what should be expected) with pages that were thick enough to highlight in. The book arrived in great condition and came in good timing. The content of the book was also very informative and useful.

Terrible quality! The paper is as thin as newspaper. They say they pass the saving on to you by making it loose leaf, but really they are saying "We are going to make this book as cheap as possible and then make you buy a binder." I hope the content is better than the quality of materials used.

Book arrived on time and in great condition. Bought it for a class. Just know that it is loose leaf but all I did was bought a binder and it was all good.

this loose leaf thing is horrible. Holes too small for binder and it's hard to keep this book organized
