Jewish Cooking Around The World: Gourmet And Holiday Recipes

Synopsis

Jewish Cooking Around the World is designed to help the Jewish woman prepare a table that will be appetizing, interesting, and in conformity with Jewish tradition. Here are all the favorite recipes for the Sabbath and the festivals, and a variety of the most famous national dishes from many countries, adapted to the dietary laws. The introduction to the recipes of each country describes the role foods played in Jewish communal life of the past, while the prefatory notes for the Sabbath and holidays give the background for the dishes that are traditional on these occasions.

Book Information

Hardcover: 256 pages

Customer Reviews

I found a copy of this book at a library sale. It has wonderful recipes and, even better a LOT of fascinating information about customs and foods from different Jewish communities. I use this cookbook often, especially around the holidays, and to remind myself of the symbolism of different foods. I love it so much, I bought this one as a gift!

This was once of the first cookbooks I got to use and start cooking so many years ago. Since my family usually only had fish, Italian and mostly Jewish meals (I am from New England) there were many things I never tried. I think the first one I tried was a Persian chopped lamb dish (very good). I was hooked to try more. Choosing from the holiday or country recipes I tried a few more. I just tried the chopped chicken livers but it was a little bland so I took it to another level. Greece, North Africa and other countries are represented and they are good to get started with. Each chapter also has some Jewish oriented fact and information that relates to the holiday or the country. Good solid

jewish recipes here. Looking for out of the way different from the ordinary well this might not be the one for you. But it is a good start like it was for me to get to know cuisines and jewish food from other countries.
