## Customer Reviews

The book, as in volume I, is packed with patterns and helpful information to create a masterpiece. The author is as good a writer as she is a quilter, and the book serves as a wonderful resource for both the past and present with regard to Baltimore Album Quilts.

This is an excellent book to accompany Vol 1. There is some history of the Baltimore Album quilt, many colored photos, some black and white. Also many patterns, some repeated from Vol. 1 and some new, especially the picture blocks if you are looking for something a little more challenging.

Cannot resist collecting every book of Elly's. they are stock full of clear fully written instructions. The photos are georgous.

every book of the serie is a must have to plan , project end realize blocks for a baltimore album, purchase at any price !!

not my favorite book of Elly's - fewer patterns in this one, but still interesting reading - I was hoping for more patterns

This book is a must have for all applique working individuals. It is out of print, so I was thrilled to find it on
