Customer Reviews

This book, its content and photographs are perfection! This book is a reminder of what cocktail parties used to be like, and it's an inspiration for cocktail parties to be held. The recipes are easy to

follow and I have loved stopping by my local antique stores to see what coupes I can find.

This cocktail is solid and has a handful of worthy recipes, but when comparing it to the best bar book in the industry (Death & Co), it just doesn't offer much.

Cover to cover one of the best cocktail books I've seen! The photography is amazing, and I cant wait to begin making the cocktails!
