# Handy Projects For Boys: More Than 200 Projects Including Skis, Hammocks, Paper Balloons, Wrestling Mats, And Microscopes

## Synopsis

The projects in Handy Projects for Boys first appeared in a major collection arranged by the editors of Popular Mechanics Press in 1913. During this time period, the methods and techniques used to create these items were just as important to the boys and men building them as the final projects themselves. They took care with their materials; they were precise and they labored over the smallest details. To know something was handcrafted was to know it was a quality piece. Because of the exactitude of the craftsmen's methods in the early 1900s, this historical and practical text features specific step-by-step instructions and includes many detailed illustrations for even the smallest or quickest jobs, including: Eskimo snow houses, Box kites, Boomerangs, Chair sleighs, Homemade roller skates, Catapults, Canoes, and more. More important than building the projects inside, this book offers fathers and sons, grandfathers and grandsons, and even uncles and nephews an opportunity to spend some time together, learn a bit about history, and produce fully functional pieces.

## Book Information

Paperback: 208 pages

Publisher: Skyhorse Publishing (April 15, 2014)

Language: English

ISBN-10: 1628737743

ISBN-13: 978-1628737745

Product Dimensions: 5 x 0.9 x 7.5 inches

Shipping Weight: 12.8 ounces (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars [See all reviews](#) (3 customer reviews)

Best Sellers Rank: #1,028,542 in Books (See Top 100 in Books) #97 in [Books > Crafts, Hobbies & Home > Home Improvement & Design > How-to & Home Improvements > Hand Tools](#) #1210 in [Books > Crafts, Hobbies & Home > Home Improvement & Design > How-to & Home Improvements > Do-It-Yourself](#) #2586 in [Books > Crafts, Hobbies & Home > Home Improvement & Design > How-to & Home Improvements > Design & Construction](#)

## Customer Reviews

Great little reprint, love some of the projects. Mostly the one about using a shotgun shell and making a dummy launching cannon for kids. Was written long before people lost their minds and blame things instead of people for the wrongs they do :)

Great little reprint book.

Very interesting. Highly recommend.
