Customer Reviews

While the book is well written and the directions easy to follow it wasn't quite what I thought it would be. I purchased the book mainly due to the cover, the dress on the front is gorgeous and I had hopes of it covering any type of garment directions. Sadly it does not. The garment on the cover is an inspiration piece from another artist that's all. I did learn from this book but not in the way I had hoped. I am not sorry that I own the book but wish I could have waited for the price to be lower .

I thought the directions for the dress on the front was in the book. Very disappointing. Not recommended to anyone.

This book is in pristine condition, & filled with many beautiful patterns. I look forward to making many of them.

Amazing..
