Customer Reviews

I bake a lot, and this is one of my favourite cookbooks. The recipes are straightforward, there's lots of variety, and every one I've tried has turned out wonderfully (and I have tried probably 30 or 40 of them!) I always get requests for the recipe when I make things from this book, and people never guess that they're less-fattening versions. I have given a couple of copies of this book as gifts and they've been much appreciated. This is my go-to cookbook whenever my family is in the mood for cookies or squares. We use it every week.

love it. use it all the time
