Customer Reviews

This book is good to flip through shortly before you take the exam. It was helpful especially in the math and writing sections. Taking my ACT again after reading this book, I raised my math score by four points up to a 32 and my writing score by 1 point up to a 10. Unfortunately my other scores went down, science the most. So my composite only increased 1 point. I am probably going to purchase a larger review book from the Princeton Review because this one did not go enough depth because of its length. I would have liked to see more strategies for pacing, grammar rules, and science practice. This book is very good for a short review, and it is not daunting at all. The book is very conversational and even a little humorous.

This is the only study guide I bought before taking the ACT and it was all I needed to get a good

score. The only disadvantage is the amount of practice questions could be higher, but the book gives you tips and tricks for the test without being overwhelming.

My son and I are going through it together because the test is coming fast and he is not prepared. We are reading it together and talking about each chapter, one by one. Seems very well written and it's been good for him.

SUCH A DISAPPOINTMENT. The book came used with all the answers in it. The cover the bent and there was pen on it too. Pages are yellow. I ordered the book with the understanding that it was a new book. It came used. Such a bad buy. Never again. Don't buy it. Find it somewhere else and buy it there.

This is not a book, it is a booklet! It used the first 50 or so pages to describe the ACT-USELESS-.. Then, when it came to the problems and practice, it was terrible. Not only they were easy, they were vaguely solved. The techniques advocated in this booklet are extremely dumb and useless. Don't waste your money on this.

It should not cost more than 10 dollars. I disappointed with the content and quality. I will not recommend it!

book isn't very useful,. and it is small about the size of 1/4 sheet of paper or something i wasn't impressed
