I loved Marcela's first book, Fresh Mexico, and my guests were always delighted to experience Mexican food beyond tacos and burritos. But Mexican Made Easy is a book I will use all of the time. The recipes are not only easy, they are a healthy fresh way to cook my favorite foods. Both books will stay on my kitchen island!

I love Chef Marcela's show and was excited about her book. I myself am Mexican and am so happy to see that she has brought my food memories to life and has made it easy for me to recreate the flavors of my childhood. This is truly delicious, authentic Mexican food!

Great recipes using items found in your kitchen. No extra trips to the store for special items. What a great book.

I received my book a couple of weeks ago. I have already tried several recipes and I absolutely LOVE it!!!! It is the most authentic and innovative Mexican cookbook that I have ever read. Marcela has the midas touch of turning simple ingredients into fabulous, delicious and fun meals. I have to highly recommend the poblano lasagna...it has become a staple in my house....I am buying several copies of this book for Christmas gifts this year.

I love this cookbook! I found that most of the recipes that I loved from her shows were in this cookbook. Preferred having the book to having computer printouts. My husband loves Mexican food and so we have enjoyed cooking her recipes together.

I love this cooking book and her TV show. The book is awesome, and has so many amazing recipes. So far what we have like the best in my house is the al pastor burgers, we used beef since we do not eat pork. I cannot say it taste like al pastor, but the taste is amazing anyway. Most likely it

is because of not using pork. Friends came over who love burgers, and said it was the most burger they have eaten. I also did her Chicken Adobado in the over. Amazing!!!! I know in the Mexican Grocery store they sell this, and to be honest as Mexican, I would never have guessed that it is seasoned with Chiles Guajillos. I made this over 5 times in a week, for my husband, for people coming over. Everyone said best Chicken adobado ever!!!! Even my dad the critic said it was amazing! i am so glad, i got this book!

A nice selection of Mexican recipes. Well organized. "Mexican Made Easy"...maybe too easy. She defaults completely to canned beans and hominy, with only a perfunctory apology to her mom for the hominy. I would like a little discussion on the selection and use of dried products as well. How do you soak and cook dried pozole? The cross-referencing and indexing in the Kindle version are nice. Oh, how about menudo?Jim

This is easy to follow and well explained. Types of chilies, spices, cheeses and even what to do if (doubt it) there are any leftovers. I enjoy the TV series and am very happy with the cookbook. You can find most ingredients in regular supermarkets. If not, she gives substitutions. Going to work my way through...
