Customer Reviews

Don't expect to see the exact questions in the book to be on the next test. It has a compilation of previous exams including questions and answers for Windows 7. Can be used as a guideline of understanding the types of questions asked.

This was published in 2008. There is a newer edition published in 2015. Is that one available?

Good!

This book is probably the best source of exam prep questions for this civil service exam.

the pages fall out very delicate.
