Customer Reviews

This book is great for practicing your oral boards. It actually gives you questions with answers to consider or think about. The Police oral boards secrets book wasn't helpful for me at all. Hardly any questions to practice. I should have bought this book first.

I bought this book, though I recently took a captain exam and this is more for police entrance interviews, there were still some good points. For the low price tag, there is value, but it isn't exactly comprehensive. You will get your money worth, but this should only be one small part of your

preparation.

My oralboard didn't include any of these questions, however these Q&A 's helped me understand the approach I need to take when responding. It absolutely helped to prepare me for this intimidating interview!

Very helpful....all questions asked in my interview were in this book. Placed 2nd out of 80 applicants after reading this book a few times.

This book has a lot of scenario questions that gets you to think critically. Even if the questions that you get asked during the oral board process don't match with what is inside this text, it's still a great reference tool. Highly recommend it for anyone going into law enforcement.

A lot of anxiety can build up when thinking of an upcoming oral board. This cut helps alleviate that anxiety making one better prepared to pass with flying colors. I'll be reading this a couple more times until it my time comes to be in front of the board!

Helped immensely! A few typos which is why I only gave 4 stars, but other than that, the info. contained within in is priceless! Highly recommended for your upcoming interview!

this has a lot of insight on how to pass i recommend reading the whole thing and you will be on your way.
