## Customer Reviews

A "Christmas Ribbonry" is a wonderful book. The ornaments are so different! The one that initially caught my eye was the galette on page 40. I ran out and bought ribbon to make it. It did take some time, but after it was finished I had the most adorable little "cookie". The directions were very clear as were the illustrations. What a beautiful house where all the pictures were taken!! can't wait to start on another Christmas ornament. What's also nice is that there are ideas in it to create useful decorations throughout the year. For instance, you can make covered boxes in pastels for Springtime. Thanks for making my holiday a little more special. I highly recommend this book and give it five stars plus!

This is a well-written and informative book. The instructions are clear and allow a novice to complete many of the creations. A book like this gives readers hours of enjoyment; plus you can learn a skill. I feel that Mrs. Nitschke is a creative genius and thank her for her hard work in compiling this book. I highly recommend this book to readers who want to be creatively challenged. A great Christmas gift for your artistic friends.

Wonderful photos and good instructions. Many projects can be used for year round just by changing the colour of some of the materials. Projects for both beginner and the experienced crafter. A good buy!

Loved the book. I know all of the techniques Camilla used, however, I found fresh ideas for using the flowers, especially the Biedermeier tree on page 72. Highly recommend this book.

A good source for creative ribbon crafting. The simple instructions can be applied to create a variety of handmade ribbon projects for home decoration.
