Customer Reviews

The projects in this book were created by some of the top crafters in the industry today. I have made many of the projects and applied their techniques to many more. The directions are clear, concise, and easy to read. The styles range from primitive country, Asian, to sophisticated elegance. Decorate pillows, spruce up plain candles, send unique greeting cards, and create beautifully decorated journals. There are charming beginner projects as well as some for the advanced crafter. I'd recommend this book to anyone!
