Customer Reviews

My mom purchased this book and we used it to help in the ribbon work for my cousin's wedding and my brother's wedding. It was really helpful and had alot of ideas that were different from the everyday things as well as the traditions and such. So I recommend this book to the people who enjoy doing ribbon work and want to make ribbons a part of their wedding in a unique way.

Filled with numerous ideas, inspirations and how-to directions. These ideas and simple instructions can be applied easily to many other occasions besides the wedding examples shown in this book. Let these projects be your starting point and take all the info further to other levels. Ribbon is a user-friendly medium that adds romance to almost everything. Let your imagination go wild. Easy to follow instructions are basic and well illustrated. Changing the size and color of the ribbons can create endless designs. This is a "keeper" for my shelf of influence books.
