The Complete Bordeaux: The Wines The Châteaux The People

Synopsis

New Edition of the definitive study with a fully revised and updated vintage guide. The wines of Bordeaux have never enjoyed a greater reputation and are universally recognized as among the world's finest. In this new edition of his prize-winning survey, Stephen Brook, a foremost expert on Bordeaux, provides an unrivaled survey of the region and its wines. As well as incisive portraits of the leading properties and their wines, he provides a detailed look at the region's lesser-known areas and their top chateau. Providing essential reference to each appellation, from Medoc through Graves to Pomerol and Saint-Emilion, Brook examines the full range of wines available, from the most reputable producers to the lesser-known, up-and-coming properties. Each commune and appellation is explored in detail, along with an analysis of stylistic and wine-making issues affecting more than 1,000 significant wine producers. Brook's definitive study concludes with a fully revised and updated vintage guide.

An extensive guide to Bordeaux. If you're planning on traveling to Bordeaux, it's a must read. It provides an excellent understanding of wines, and winemaking. Talking about many subjects, including a guide to the region and a separate section on the Chateaus.

Stephen Brook is a master of Bordeaux - includes fantastic information about all of the different regions and all of the major producers. Functions both as an awesome reference book and as a great read!

Comprehensive and well written. Well organized. Extensive tasting notes. A more balanced view of wine than Parker. Wine does not have to be concentrated and intense to be good. If you prefer elegance to intensity, Brook is your man.

Has all the relevant info any Bordeaux lover or professional needs. Great reference tool on differences between AOPs, communes and vintages.
