Great healthy stir fry recipes that can be created very easily. I think it might be helpful to have the start point at the explanation about stir-frying and the tips on stir-frying. They were very informative. Love these easy to fix stir fry recipes. They are simple and taste great and best of all it is not full of stuff I don't care about. I highly recommended this book.

An extensive collection of stir fry recipes ...these recipes are healthy , delicious and quite easy to prepare. These recipes are great for preparing for occasions, persons who are hosting dinners or just a healthy, delicious meal for the family. It's great for persons who are counting calories since some recipes show the actual calorie count. These recipes are of a wide variety and the book is worth the purchase.

I love cooking and I love a book that contains a lot of recipes. When I was looking for a new book about it, I found this one and I knew I had to buy. Stir Fry Cookbook contains a lot of recipes and they are very delicious. The recipes are very healthy and you can cook them for lunch, dinner or any special day with your family or friends. One of my favorite recipes is chicken shiitake and carrots stir fry. My family loved it.

This book is amazing for new stir-fryers as well as experienced. I learned so much. There are great

recipes, yet so much more. In this book, the reader goes beyond simply cooking and delves into a treasure. I highly recommend it. I would share the recipes I cook with you, but I never have left overs.

I've been stir-frying for a very long time, and I found some techniques in this book that were helpful. I'd recommend this book for the experienced chef, but especially for the novice. The book is well laid out, teaching new techniques accompanied by appropriate recipes. This is not so much a recipe book, as it is a learning tool that will help you create your own stir fry recipes and adapt it to your ethnic background.

Wow! This book is very healthy and the menus are very delicious and easy to prepare. These recipes are great for preparing for occasions, persons who are hosting dinners or just a healthy, delicious meal for the family. I have learned many useful information from this book. Very well written and easy to understand. Highly recommended for everyone.
