Cupcakes, Cookies & Pie, Oh, My!

Synopsis

Two million copies later, the New York Times best-selling authors of Hello, Cupcake! and Whatâ€™s New, Cupcake? are back, applying their oversized imaginations not just to cupcakes but to cookies, pies, cakes, and other treats. Hello, Cupcake! inspired millions to become cupcake artists and launched an international sensation. Now the talented pair who started it all returns, with projects that are more hilarious, more spectacular, more awe-inspiringâ€”and simpler than ever. But they donâ€™t stop at cupcakes. No sweet treat is safe from their ingenuity: refrigerator cookies, pound cakes, pie dough, cheesecakes, bar cookies, and Jell-O are all transformed into amazing and playful desserts. Thereâ€™s something for everybody in this book, and every single item you need can be found in the neighborhood supermarket or convenience store. Playing with your food has never been so excitingâ€”or so easy. Karen Tack and Alan Richardson have appeared on TV with Martha Stewart, Rachael Ray, and Paula Deen and have been featured many times on NBCâ€™s Today as well as in Americaâ€™s top magazines.

Customer Reviews

First off, I want to address the concern that people have expressed in past books such as the NY Time Bestseller, Hello, Cupcake!: Irresistibly Playful Creations Anyone Can Make, their first book. I bought that book and was immediately hooked on their stylish but accessible approach to making awe-inspiring desserts. All their books and their website now feature indices that list many online sources for all the items and/or basic candy Clay or dough recipes that they use to create their

adorable Fluffy Lambs, Gnome Sweet Gnomes, or High-Heeled cupcakes. In truth, most of those special sugars and candy melts which you can't make can be purchased right here on ! Also, as stated above, this book and most of their others contain ALL the basic recipes for their basic Candy Clay, Quick Doughs and Perfect Cake Mixes which are ALL made with normal household items plus or minus an ingredient here or there. The photos in the books and videos on the website are also a terrific help. Even a basic cook can learn how to make these Centerpiece Desserts with a single trial run. If you've never baked a cake or iced one though, you might need to start with a one of their simpler creations first. That said, let me point out that I received the Advanced Reader's Copy so there were some page numbers missing when they referred to these basic Candy Doughs but all I had to do was pencil them in. No fuss at all! The book contained all the templates needed and the instructions were easy to follow.
