I wasn't sure WHAT to do with our dachshunds, and then we all read this together. Since then, they have become useful members of the household. It would have been better if they'd grown actual thumbs so they could help me in the kitchen, but maybe that's in the sequel.

Perfectly delightful! I love the pictures and the captions. Will make a perfect coffee table addition. The front cover could have been taken of my 2 pups. Have had Dachshunds for close to 40 years. The first lived to 18 the second to 17.5 and now have 2 more. They are the entertainers of the Universe and would NOT want to be without them. The only thing I took exception to was the title.....the author should have called it "101 reasons to LOVE Dachshunds".as well as the other book titles....makes the dogs sound like "some THING" rather than loving companions. I could give that author a couple of dozen pictures to add!

This is one of the cutest books with great captions. I gifted my son with it as he has a dachshund and he enjoyed it. You can't help but laugh as you're reading it. I recommend it.

The book was well put together and illustrated, I recommend this book to everyone, especially to dachshund owners! A laugh out loud experience.

If you love dachshunds you will love this book! Full of great photographs of dachshunds doing what they do best - making us laugh!

I bought this book of pictures for my sister who has 2 dachshunds and she absolutely loves it. Really cute pictures!

My daughter thought this was a fantastic fun read. She enjoyed the wide variety of dachshund breeds that were shown .

Completely misrepresented. This is a child's picture book. The only "funny" use is on the cover and all the rest are 'mans best friend' type uses. Item also came with the cover bent/ripped in a few places. Returned.
