# Fifty Shades Of Bacon

## Synopsis

Fifty Shades of Bacon is an erotic cookbook that delves into the full bacon experience. Ok, it is not erotic at all, but it is a tongue in cheek delivery of some great bacon recipes. Everything from basic bacon bits to bacon ice cream to bacon au gratin and alfredo. If you are into bacon, want an interesting conversation piece or are looking for a present for the meat lover in your life, this title is for you. This is a softcover book that has 62 pages and 50 recipes.

## Book Information

Paperback: 62 pages

Publisher: CreateSpace Independent Publishing Platform (August 21, 2012)

Language: English

ISBN-10: 1479129836

ISBN-13: 978-1479129836

Product Dimensions: 8.5 x 0.2 x 8.5 inches

Shipping Weight: 6.2 ounces (View shipping rates and policies)

Average Customer Review: 3.8 out of 5 stars [See all reviews](#) (181 customer reviews)

## Customer Reviews

I bought this as a joke for a man obsessed with meat who talks incessantly about the 50 shades phenomenon. The book is cute and has lots of recipes. I like the content. My issue is in the price. I was disappointed when I opened up a book thinner than my Good Housekeeping magazine. My daughter has thicker children's books. It is about a quarter inch thick (or less) with a flimsy paper cover. I guess I was expecting something sturdier for \$25. Don't get me wrong, there is nothing wrong with the book itself. The problem is with the price. I could see this book selling at \$7.99, MAYBE \$15 because of the name play and all the 50 shades propaganda it's riding off of. But \$25...no way. Make sure you really want this book if you intend to buy it, because it is over priced. (which is a shame because it is a cute idea.)

I bought this for my stepmother for Christmas, thinking she'd get a good laugh out of it as well as some great recipes. I could not have been more disappointed. For \$20, I got what amounted to a kid's book sized cookbook, and the recipes themselves were lacking a lot of detail as to what went

into the preparation of the particular dishes. I mean, really? You need an entire page to tell me that to make Bacon Peanut Butter you blend cooked bacon and peanut butter together? Seriously? I think I could have figured that one out on my own, Sherlock. Thanks but no thanks. It's the first time I've returned anything to in the past five years. I sent it back and got her the Game of Thrones cookbook instead.

I bought what I thought was a book as a wedding gift for a coworker and was extremely embarrassed when this little pamphlet arrived. The price, description, and photo led me to believe this was a book. This product is worth \$5.00 or less, not \$25.00. The only real Fifty Shades connection is a table of contents that lists appetizers as foreplay. I was very disappointed, to say the least.

Very disappointing compared to 50 shades of Chicken which was funny and excellent. This is a few one page recipes without the humour, or the page count or the photos. I say don't buy it! Buy 50 Shades of Chicken.

Do not buy this- I would award zero stars if possible! Low budget book with basic recipes and nothing to do with Fifty Shades Of Grey at all. No raunchy play on words like other recipe books of similar titles. The pictures and wording of these recipes is very basic and the entire book looks as though it was made from the authors home study. Waste of time and money, sorry!

Unfortunately, it's not as fat as the bacon you're cooking. I would never have known how to make bacon bits or a BLT.

There are a few really good recipes here, a few average ones, and a bit too many lame ones. I like the cover and the chapter marker pages - overall, a decent idea that fell a little flat on execution. With the help of an editor and substitution of a few of the recipes this book could live up to expectation.

There are naughty parts, however, on the recipe pages themselves it's just the bacon recipes. I had no idea this many bacon recipes existed and we're looking forward to trying some. So buyer beware and know what you're actually getting.
