Ultimate Guide: Walks, Patios & Walls (Landscaping)

Synopsis

Designing the outside of the home adds to curb-side appeal, creates ambiance, and increases the value of the home. *Ultimate Guide: Walks, Patios & Walls* provides the homeowner with all the information needed to integrate popular hardscape designs into the overall home landscape. Included are ideas for brick, mortar, and concrete walks and patios; flagstone and tile patios; and brick and mortared stone walls. Lavish color photographs provide design inspiration, while the extensive how-to section provides easy-to-follow information.

Customer Reviews

It is a good book for the homeowner who has some experience with this kind of work otherwise it leaves out some of the basics that would be handy in doing this kind of project. It also has some great ideas and very helpful information for those who do have the skill level for taking on these kinda projects.

Great photos, lots of examples, easy to follow instructions for DIY.

I have almost all of these "ultimate guide" books. This one, like all of them, is great.

building patio great book
