Food Around The World: A Cultural Perspective (4th Edition)

Synopsis

Discover the evolution of food. *Food Around the World: A Cultural Perspective, 4e* is a unique and fascinating text examining the geography, history, economic, religious, and cultural factors influencing food consumption and availability. Appropriate for all students, especially those in food science, dietetics, and nutrition, it examines cultural food patterns and fosters an appreciation for various regions, nations, and cuisines. Chapters explore how and why different regions developed their unique cuisines and include recipes from each region. Vivid maps and photographs bring global cultures and foods to life as students travel through each chapter. Extensive learning tools help students master material and make the text an instructor-friendly resource. *Teaching and Learning Experience* This text provides a comprehensive and engaging cultural examination of food around the globe. It provides:

- Cultural insight through food: Chapters use food as an engaging avenue of insight into cultures around the world.
- Well-rounded understanding: Detailed chapters present topics with proper context and include effective learning tools.
- Opportunities to experience global cuisine: Students can create dishes from around the world, bringing topics from the text to life in the kitchen.
- Rich visuals to engage readers: Numerous maps, photos, and figures illustrate and support the text and engage visual learners.

Customer Reviews

I absolutely loved this book. The recipes are unique from different cultures. The ingredients needed for most of the recipes are not items found in your pantry. The book gives decent detail on different cultures. The pictures are in black and white, except for a few pages that are located in the middle

of the book.

I received my package in no time. It was in perfect condition. There was a little wear on the edges but for the price I couldn't complain because the campus bookstore was asking double the price for a used edition.

Excellent resource. As we travel at home and abroad, we consult with our kindle version to gain greater insight and a deeper appreciation for local food sources and dishes.

Good book. Glad I bought this version instead of the 4th. Barely used it for class. But it serves my purposes for a short summer course.

This was required for my son's school work. He had to create a menu and this book was very handy.
