Customer Reviews

This is a great book for anyone interested in Hawaiian food. It covers all the categories from appetizers to main courses to bread and desserts. The great part about Hawaiian food is how simple so much of it is to make. Take it from a true fan of "local kine" food, this book will not dissapoint!!!!!!Enjoy!!!!

I love to read cookbooks, (My friend says that I eat the pages!). This cookbook gives an understanding of Hawaiian cuisine and offers easy to follow recipes. Yum!

I have been looking for a particular recipe since I left Honolulu many years ago, and found it in this wonderful book full for local recipes. Reading through this book brought back great memories and made me write out a large 'need to make' list. The seller wrapped this purchase so very carefully, it arrived unscathed, which almost never happens with used bayer back books. I will be happy to do business with this seller again.

A great review of past family Hawaiian recipes. This is a good book for a collection.
