## Customer Reviews

What to say about the Timberline Lodge Cookbook... only, I guess that the recipes in this book are within the skill level of everyone. If you have never been to the Lodge, this is the next best thing to sampling the wonderful menu at the Cascade Dining Room. I use this book whenever I cook for a special event, and continue to get rave reviews from all.

I've had this book for many years and it is a go to for meals to impress guests or just to treat myself and my husband. The beef tenderloin with blue cheese onion sauce is always a winner and so very easy. The hazelnut pear tart is another favorite of mine. Easy and looks and tastes like it came from the finest bakery. This book is a real treasure and I'm proud to have it in my collection.

Every recipe is a hit. Most are so good that when you want to impress guests you pull them out over and over again. The preparations are both unusual, tasty, and not that hard to prepare. I wish Chef Benson would publish even more of his work.

I've purchased this book for most of my relatives as well as myself. Some of my best loved recipes are found inside, and reminds me of past visits to the lodge as well. Would highly recommend!

Beautiful book. I ordered this for my daughter-in-law in Portland who is a great cook and who will appreciate the recipes and history of this book. Like new!

Saw this book at a friend's house and decided I needed one also. Used to live 30 minutes from the mountain and the food was great!

Book was in perfect condition and sent very fast. I would order books from this company again. Very excellent service!
