## Customer Reviews

Interesting recipes, but most of the ingredients the author asks for I don't know what it is or if it is available where I live. Some recipes ask for a certain sugar I have not found in grocery stores. I guess this book will sit around collecting dust

Great cook book, that has lots of picture to help decide on whats type of bread to make. Simple to read and use and makes some great bread!

Great recipes! Been fun trying them. Gave a copy of the same book to a granddaughter, hoping to get her hooked on fresh breads.

I bake bread in my bread machine all the time and was looking for some new recipes. This book fit the bill and provides photos as well.
