No cash? No problem! By Dave Wagenvoord and Ali Pervez Mind boggling! First of all a big thank you to the authors for writing this book! This is truly one of the 20 books I would have paid a \$million to have read 10 years ago! I think it was Oliver Wendell Holmes who said: "Once a person's mind has been expanded by an idea or a concept it will never be satisfied going back to where it once was" - this book will expand your mind! Barter is a secret said to be known to less than five hundred people around the world, very few books have been written on the subject. In this book: Learn a lot about bartering and how to see things with a non-linear, 360 degree, 3 dimensional, X-ray vision. "And a special mindset that will make you see opportunities and solutions many places the thinking and mindset explained can be used to put together deals most people will not even dream of, and the mindset will apply to so many things! The kind of ideas and opportunities that come to mind when using this mindset and thinking is MIND BOGGLING! Some of the bartering deals Dave Wagenvoord did during his over 40 years of bartering: -he traded 900 Chrysler Imperials in six weeks - He traded for advertising on hundreds of radio stations for ten years for Carnival Cruise Lines - (who later became the world's biggest cruise line and made the owner a billionaire and put him on the Forbes list of richest people in the world.) - Bartering deals with over 5000 radio and TV stations in America. - He bartered for a value totaling over 500, - \$million in bartering deals! And much more.. The beautiful thing is in a good bartering deal both/all parties win!
