Customer Reviews

This handy little book covers just about everything you need to know about marbling on fabric, including help with problems. Contains lots of color pictures and excellent diagrams of techniques. Instructions on several crafts projects are included, as well as a bibliography and a list of sources and suppliers.

I was just learning about marbling fabric and need some reference books. There is a ton of helpful information and designs in the book. Highly recommend it for newbies.

I just started marbling on fabric and wanted to read a little more. I found this book to be one of my favorites. Lots of good information and pictures and drawings demoing the different patterns. Even though it's a old book (1990), it has everything I wanted to know about marbling on fabric. For the beginner or someone who wants to learn more marbling patterns, this is a great book.

This book has been in my library for many years and I just bought a copy for my sister who wanted info on marbling. This is a great resource!

This book gives you all the basics to make wonderful marbled fabric. A good resource to have in

your library if you are a fabric dyer or just want to experiment making your own unique fabrics for sewing, quilting, or other arts.
