## Customer Reviews

I'm not a beginner, but there could have been more information on how to construct the projects I.E. amount of wool roving for each color. And wow if I didn't dye my own wool roving Each project would have been really expensive to construct.

it's into what I want to eventually do. Less cutezy than a lot of felting books out there more artistic. Plenty of photos and and how to shown. Good book.

Beyond what I am capable of completing at this time, but just inspiring enough to make me keep working at it. Beautiful pictures and descriptions.

This is a lovely little text about needle felting but not what I had expected. It held scarce informatin for the beginner.

Beautiful Wool Felted Projects
