RSN Appliqué: Techniques, Projects And Pure Inspiration (Rsn: Royal School Of Needlework)

Synopsis

This contemporary guide to the art of appliqué is endorsed by the Royal School of Needlework (RSN), and written by Kate Cross, one of their trained experts and teachers. It is the first in a new series designed to showcase the traditional techniques, technical excellence and contemporary flair of the RSN, and provide practical guidance and inspiration. The book features an introduction to the RSN and its prestigious heritage. It reveals the history and context of appliqué and showcases galleries of inspiring appliqué work from around the world. But as well as featuring a rich selection of inspiring appliqué pieces, this is primarily a practical, instructional guide that offers a complete grounding in all essential appliqué techniques: it contains a comprehensive stitch guide and leads the reader through each technique using clear step-by-step photography and easy-to-follow expert guidance. It shows the reader how to knot thread and start stitching correctly, how to create a design, transfer it onto fabric, frame up a slate frame, build up, cut away, apply a variety of edges and apply fabric, as well as basic ribbonwork, goldwork, shadow work and silk shading. The book contains four beautiful projects that build in difficulty and put these techniques into practice.

Book Information

Series: Rsn: Royal School of Needlework

Flexibound: 128 pages

Publisher: Search Press (July 30, 2016)

Average Customer Review: 5.0 out of 5 stars [See all reviews](#) (2 customer reviews)

Best Sellers Rank: #78,415 in Books (See Top 100 in Books) #13 in [Books > Crafts, Hobbies & Home > Crafts & Hobbies > Needlecrafts & Textile Crafts > Applique](#)

Customer Reviews

(This is for the print edition, not the Kindle edition...) A very thorough, in-depth instructional book on appliqué as it is used in hand embroidery (not to be confused with appliqué used in quilting). The book instructs on everything you need to know about appliqué, from materials and tools to techniques. You'll also find a bit on the history of the techniques used in needlework. There are two nice projects to whet your appetite for appliqué, but the real meat of this book is the instructional

content. For needleworkers who like goldwork, ecclesiastical embroidery, stumpwork, 17th century embroidery and general surface techniques that involve dimension, you'll want this book on your shelf for reference. It's the most thorough book out there focusing on appliqué techniques in embroidery. And of course, being a Search Press book, it's full of excellent photos and lots of inspiration! You can find a thorough review for the book on my blog, here: [...]

Very good quality, fast shipping
