Martha Stewart's Cupcakes: 175 Inspired Ideas For Everyone's Favorite Treat

Synopsis

This title is the sensational number 1 "New York Times" bestseller. Swirled and sprinkled, dipped and glazed, or otherwise fancifully decorated, cupcakes are the treats that make everyone smile. They are the star attraction for special days, such as birthdays and holidays, as well as perfect everyday goodies. Now in "Martha Stewart's Cupcakes", you can enjoy 175 ideas for simple to spectacular creations - with cakes, frostings, fillings, toppings, and embellishments that can be combined to produce just the right cupcake for any occasion. Alongside traditional favourites like yellow buttermilk cupcakes swirled with fluffy vanilla frosting and devil's food cupcakes crowned with rich, dark chocolate buttercream, there are also sweet surprises such as peanut butter and jam cupcakes, dainty delights like chai-tea mini cupcakes, and showstoppers topped with marzipan ladybirds or clowns. The book features cupcakes for everyone, every season, and every event: Celebrations (fondant monogram heart cupcakes for an elegant wedding); Birthdays (starfish-on-the-beach cupcakes sure to be a hit at children's parties); Holidays (gumdrop ghouls and goblins ideal for Halloween revellers); and, Any day (red velvet cupcakes with cream cheese frosting for a potluck dinner or applesauce-spice cupcakes for an after-school snack). In singular Martha Stewart style, the pages are both stunning in design - with a photograph of each finished treat - and brimming with helpful how-to information, from step-by-step photographs for decorating techniques to ideas for packaging and presenting your cupcakes. Whether for any day or special days, the treats in "Martha Stewart's Cupcakes" will delight one and all. --This text refers to an alternate Paperback edition.

Cupcakes. Cuppies. Mini-cakes. Cake-shrimpies. Some of the names that have been given to this delicious little confection that are perfect anytime and anywhere and which somehow make us think that they are the perfect diet dessert as well because after all, they're so small! This book contains many ideas and recipes collected over the years of the MSL magazine and programs along with some new and exciting offerings. Another wonderful treat within this book is that the reader is not limited just to the generic "cupcake" batter itself; there are some fabulous directions that take you to cupakes, mini-cupcakes, and cheesecakes, just to name a few, that let you think outside the typical cupcake box. And once you are comfortable with making the treats, then you are given some of the most elegant or fun or whimsical ways of decorating these confections: piping techniques, chocolate, fondant, spun sugar (this was a FABULOUS presentation idea that is not at all difficult to achieve; wait until you see the photo!). Cupcake decorating is also a really great way of spending some fun times with kids; the section for Halloween is a blast and the steps to making those cupcakes are all laid out step-by-step so even the wee ones will have fun! For the more grown up occasions, there are pretty floral cupcakes that will make your guests really "oooh and aaahhh" over your creations. The holidays are aptly given attention with decorating-appropriate themed cupcakes with cookies and sprinkles, and piping. Regardless of the occasion, there are bountiful ideas for you to use or adjust, that will match the theme of your party. From the Domestic Diva herself comes her compilation of 175 ideas, recipes, and presentation for this all-American treat.
