Kovels' Antiques & Collectibles Price Guide 2016 (Kovels' Antiques & Collectibles Price List)

Synopsis

The 48th edition of *Kovels'*, the leading antiques price guide, includes 32,000 listings and more than 2,500 full-color photographs. *Kovels'* is the most complete and best-illustrated price guide available, from the most trusted name in the industry. It features exceptionally well-organized, wide-ranging, up-to-the-minute information, and includes more tips, marks, logos, and photographs than any other competitive title. *Kovels'* is the only guide with prices based on actual sales from the previous calendar year, never estimates. Unlike other guides, which focus almost exclusively on English or high-priced items, *Kovels'* covers all American and international items. The book is organized by categories most sought-after by collectors, including Depression Glass, Dolls, Jewelry, Furniture, Porcelain, and Sports Memorabilia. Indexes, cross-references, and expert commentary throughout empower readers to collect with confidence and price their own antiques.

Very hard for a new person to look up prices the way its arranged . If you pick up a piece and are not sure of the material or category or description , you can get lost fast. I guess it might be good for people who know the system but for new people its hard to grasp it ..

Okay but not enough variety of items in class. Seems as if the book works in conjunction with a secondary causes for themselves or selected dealers. One positive benefit is the identification of

maker marks for items.

I was disappointed in the amount of pricing information in this book. It was not what I expected.

I was not able to find what I needed (looking for ice cream molds). It was difficult to understand how they had things categorized, unless you are a dealer (at least that's how I found it to be).

I have a resale shop & always recommend Kovel's to the customers who could use some extra knowhow. I have referenced Kovel's since it was the size of a paper back book.

Great general antiques price gude! As always, there's a lot of different styles and pieces covered along with many pictures. Kovels is a trusted name to find current pricing. The size is good for porting around as one is on the road trying to find that great piece!

timely and as expected, Very satisfied

Collecting antique objects is what makes me busy these days. I'm thankful to this book for including all the latest antiques, which I'm gladly looking forward to buy.
