## Customer Reviews

This is absolutely the best little book about pies--every kind. I have loved it for years and am getting one for my 20 year old who is just now seriously cooking for herself and her friends. Out of print and hard to find in good shape, even so it is a real little treasure.

This is one of those mid-century cookbooks with roots that go back much earlier. The dustjacket blurb tries to sell "pies so new you'll be the first in your neighborhood to make them -- if you hurry!" However, the meat of this book are the classics, assembled and then tested by the Farm Journal's Field Food Editor Nichols. Thank goodness main-dish pies get time here as well: over 40 pp of recipes. Hardback with dustcover, water-resistant paper over hardback boards with a sewn binding; deckle-edged, with dustjacket, 308 pp, 1 pound. Illustrated with some color plates: horrid, bright, unnatural, unappetizing, mid-1960's color photography!

Like most all of the Farm Journal cookbooks, this one is a winner. You will find old favorites here that perhaps you haven't tasted in a while. Try the chocolate pie with meringue...takes me back to my childhood. Somewhat time consuming, but SO MUCH tastier than instant pudding in a graham cracker shell. Rhubarb pie, another you don't see very often, takes me back to Grandma's kitchen. I think we all need to take some time out of our busy lives now and then to cook up some "comfort food" and this one hits the spot.

The Farm Journal's Complete Pie Cookbook by editor Nell B. Nichols is a complete and comprehensive pie cookbook. Nichols cookbook contains a whole chapter devoted to pie crusts followed by varying pie recipes using the pie crust recipes. The recipes range from sweet to savory, and from pies to tarts. Some of the recipes you will find in this lovely cookbook include: Regal Cherry Pie, Frozen Orange Pie, Oatmeal Pie, Pumpkin Chiffon Tarts (Uses raw eggs but this is an old cookbook before the USDA recommended not doing this), Concord Grape Tarts, Deep-Dish Ham Pie, Recommend. I received this book as a gift in the first years of my marriage. It is my "bible" for pie baking and I have successfully entered fair competitions over the years. Now sadly my copy is very worn and I'm searching for another. My friends are always asking for copies of recipes. Elfriede Huntsinger, Bishop, Ca.

This is a great, old-fashioned pie cookbook. There are hundreds of recipes for all kinds of pies. There are a lot of \*chiffon\* pie recipes, but even if the thought of those makes you uncomfortable, there are plenty of other recipes in the cookbook, as well. There are literally pages of rhubarb pie recipes (for instance), as well as multiple green tomato pie recipes, etc. If you like pie, this is a

cookbook to seek out.

I found this book at a garage sale after not baking for many years. This book is realistic, if not a little dated (put in brown bag and cook in hot oven) (my bag caught on fire) so next time I used foil... but very interesting and fool proof, simple, interesting, delightfully creative recipes.

This is my 3rd copy of this book. First was given by my mother when book was new. Got so ragged, was held together with rubber bands. Much loved, several recipes have become staples for holiday dinners. 2nd copy was confiscated by house mouse (just disappeared), so had to get a 3rd. Cannot live without this pie book. Most especially the Best-Ever Lemon Meringue (pg 124) and Snowstorm Squash (I used pumpkin) (pgs 113,114). Wouldn't dare show up for Thanksgiving dinner without a pie and they all come from this wonderful book.
