# A Good Horse Is Never A Bad Color: Tales Of Training Through Communication And Trust - 2nd Edition, Revised & Updated

## Synopsis

Learn why your problem horse is not a lost cause with helpful tips from an internationally acclaimed trainer. In *A Good Horse Is Never a Bad Color*, Mark Rashid continues to share his talent for training horses through communication rather than force. Rashid uses humorous, feel-good stories to relate his techniques of teaching horses by examining their view of the world. This book is a must-have for compassionate horse trainers and owners. Tales of Arabs, appaloosas, and paints - mistrusted and mistreated because of their breed - will give listeners a new perspective on these breeds and others. This new edition features added introductory notes for each chapter that contribute to a better understanding of Rashid's philosophy and methods.

## Book Information

Audible Audio Edition

Listening Length: 8 hours and 15 minutes

Program Type: Audiobook

Version: Unabridged

Showing & Training #28 in Books > Audible Audiobooks > Nonfiction > Lifestyle & Home >

Animal Care & Pets #29 in Books > Science & Math > Biological Sciences > Animals > Horses

## Customer Reviews

Loved the audible version. These anecdotal stories of horses and humans are well told and heartfelt, plus engaging and page turning. I especially enjoy these second editions with Mr. Rashid's notes at the end of the chapters, adding more wisdom and insight from the last few years. I listen to the books while doing my ranch chores (tending chickens, filling hay bags) to keep me inspired and in the proper mind set when the time comes to play with the horses. I've downloaded several more and will continue to listen, learn and love. My gelding has already figured it out, he hears the book being narrated from my phone (can't where headphones on the ranch -gotta be aware) and starts nickering and looking for me. "Consider your horse!" he says to me.

I think everyone who owns horses or wants to own a horse should have this book. Even those who

are very knowledgeable and experienced, will learn so much about horses; how they think, how they respond and why. This is the second book by Mark Rashid I have and definitely plan to read (listen) to EVERY ONE of his books. I listen to them over and over, never get tired of them and learn something each time. not only informative but entertaining.
