Customer Reviews

I am going to improve my formal dinner table with many of the folding ideas I got from this book. Truth is however you can probably get a better perspective by watching people actually do the napkin folding on YouTube and save your money. I personally love a hard copy of everything. My table will never look the same. It helps to be retired and have the time to lavish on a detail like a napkin...but it sure impresses my guests.

This book is divided into sections of how to make cloth napkins, napkin ring ideas, easy folds, fans and pleats, complex folds, and pockets and parcels. There is also a template section. The pictures are clear and have clear and easy to follow directions.

this book is excellent

It's more than what I could have ever imagined. It's amazing what creativity can be made out of cloth. Thanks.

Many interesting and unique designs, and a beautiful and colorful presentation.

Arrived as promised. In great shape, much enjoyed.

The ideas were good, just not exceptional.
